Re: Douglas Emmett Management, LLC
Case 31-RM-264415

Dear Counsel:

This letter acknowledges receipt of the Union's request for review that was filed February 11, 2021 in the above-referenced case. Under Sections 102.5(a) and 102.67(i)(1) of the Board's Rules and Regulations, briefs that exceed 20 pages must contain a subject index (or table of contents) with page references and also an alphabetical table of cases and other authorities. Here, the request for review exceeds 20 pages but omits the required tables. I therefore cannot transmit the request for review to the Board for consideration. Should you still desire to file a request for review, you may do so by conforming it to the rules and resubmitting it. **Such a conformed request for review must be filed by 11:00 a.m. EST on Tuesday, February 16, 2021.** No extension will be granted for conforming and refileing the document. Further, you are cautioned not to make additional argument or other substantive changes when conforming and resubmitting it. This additional time for resubmission does not serve as an extension to the other parties for filing oppositions. Thus, the due date for filing oppositions to the request for review remains **11:59 p.m. EST on Friday, February 19, 2021.** See Rule 102.67(f).

Very truly yours,

/s/ Mark G. Eskenazi
